Dear Applicant:

Re: Deceased Members Early Retirement of Capital Credits

Upon receiving a completed application from a qualified party, Oregon Trail Electric Cooperative (OTEC) may retire capital credits before the regularly scheduled rotation. Capital credits earned by a business may not be entitled to this early retirement option. If the application is approved by the Board of Directors, any capital credits in excess of \$100 are subject to be discounted to the net present value before pay-out. The current discount rate is 5.3 percent, however, all capital credits earned beyond maturity (more than 15 years) are paid at 100 percent. There is an example of discounting capital credits included in the packet.

Enclosed, please find the application for retirement of decedent's capital credits and an affidavit of heirship. Should you decide to proceed, complete and sign all documents enclosed, and return the packet to our office as indicated on the instructions. **Be sure to include: 1) a copy of the death certificate, 2) a notarized affidavit, 3) any other pertinent information required according to the checklist enclosed. Include any court or legal documents that substantiate your right to the funds.** You may want to check with your estate attorney before returning the documents to OTEC.

OTEC will attempt to contact the applicant if any additional information is required to process the application. If the applicant does not provide OTEC with the necessary paperwork within 90 days, the application will be declined and returned to the applicant.

Please be aware that early pay-out of capital credits is final and closes the deceased patron's OTEC account permanently. If you choose not to retire the deceased member's account, capital credit distributions will continue to occur during the regularly scheduled rotation until the account balance reaches zero. It is incumbent upon you to keep OTEC updated of any address changes.

Please email or call if you have any questions. Note that the processing period for retirement of decedent's capital credits is 60 - 90 days.

Sincerely,

Nini Valerio, Administrative Assistant
